Gary -

Here's the weekly summary info. I've incorporated the Removal Assessment sampling info into the HRS QASP that Michelle provided. We'll have it ready for your review early next week. I spoke with Michelle Brown and she said that Brenda put in the request for CLP analyses. Looks like sampling is set up for the week of Aug 6<sup>th</sup>. We will need to finalize our sampling parameters (Removal Assessment) and then get Kristi working on procuring laboratory services for our samples. Guess we also need to discuss getting the site cleared so we can access the pits for sampling. I believe you said that you would be back in the office on Monday. I can call you then, if that works for you. Have a great weekend.
